July 5, 2022

Pete's Service Center,

We are so excited to have finished a successful 2022 regular season. After having to cancel our 2020 season and heavily modify our 2021 season, it was truly a breath of fresh air to see baseball at its peak and to see our families enjoy themselves.

When we began our 2022 season, we were so grateful that we would have the opportunity to continue the mission we have been following for over 65 years: *Provide the children of Burbank with quality Little League Baseball at a low cost.* It is this mission statement that drives us to find businesses to support our players. With our sponsors, we can offset league playing fees and improve our equipment, facilities, and provide upgrades to our league when needed.

Thanks to your sponsorship, we were able to do just that! We were able to update our playing equipment with all new bats. Furthermore, the league was able to purchase a new tractor to keep our fields the best in Burbank! All this would not have been possible if it weren't for your support.

You will be happy to hear BA is thriving with players. This year, we have 215 registered players which makes 15 TEAMS! This is one of our best years to date and throughout challenges our BA family has pulled through.

We conclude this letter with our sincere thanks. Your sponsorship means the world to this league, and we hope you have gained benefits as well. As promised, please accept this sponsor plaque with a picture of one of our league teams and display it with pride! Your business has earned the recognition.

Sincerely,
