

**Complete Auto Diagnostics & Repair**  
581 Arrowhead Lane  
Moose Lake, MN 55767  
218-485-8270

We stand behind the work we perform for our customers. We want to share with you the specifics of our Labor Expertise Warranty. Please review the following details.

**Labor Expertise Warranty**

12 months or 12,000 Miles

**Requirements:**

- ALL routine maintenance must be completed by Complete Auto Diagnostics & Repair when we have completed a specific service in order to warranty our labor.
- The Labor Expertise Warranty coverage is extended only to vehicle repairs that occur at Complete Auto Diagnostics & Repair and cannot be extended to vehicles who received services at another facility or when individuals have attempted their own work.
- The Labor Expertise Warranty coverage does not exist for those who supply or secure their own parts.

Applicable in certain circumstances (such as engine or transmission repairs)

- Oil changes must occur at Complete Auto every 3,000 to 5,000 miles or 250 hours of operation, whichever occurs first.

**Warranty Is Void If:**

- Routine services are obtained elsewhere or if the oil changes do not occur within the specified intervals if applicable to your service.
- Vehicle codes appeared and another facility or someone else cleared them out without Complete Auto's knowledge if we had previously performed the repair.
- The vehicle was subjected to excessive use beyond the vehicle's intended purpose contributing to a failure.
- The vehicle was damaged or in a collision if the incident caused or contributed to a failure of the work performed.
- The vehicle transfers ownership.
