Northwood, NH 03261

Dear Linda,

With sincere appreciation, we thank you for raising an amount of \$1,300.00 received on 9/21/2023 through the state inspection promotion for May and June 2023 which allows Make-A-Wish® New Hampshire to change the lives of children living with critical illnesses throughout New Hampshire. With every donation we receive, we become that much closer to our goal of granting the wish of every eligible child. Thank you for making a difference through your compassion and generosity.

Your gift helps wishes come true for kids like Violet. Violet is an outgoing three-year-old girl who lives with kidney neoplasm condition. She is a fun-spirited kid whose favorite thing to do is play outside with her sister. Being so young, it can be difficult to decide on a wish with so many possibilities, but Violet knew exactly what she wanted. Violet immediately thought of the bright colors that always brought her joy when traveling back and forth to doctors' offices for treatments. Violet wished for her very own rainbow backyard to escape to!

With the help of her wish granters and the community, a playset was built and Violet's backyard was decorated to incorporate lots of vibrant, cheery colors. Everything, from the gravel to the shed, was rainbow-themed. On the day of her wish, Violet was surprised by her family and friends as they all joined to celebrate Violet and her newly made-over rainbow backyard. Violet was excited for the opportunity to share her new favorite outdoor area. It was clear to see the joy of a wish in Violet's smile! A rainbow backyard allows Violet to think past her condition and look forward to just having fun and making memories outside with her family and friends.

We cannot thank you enough for helping us grant wishes like Violet's. It is so important that we come together to support the children of New Hampshire with critical illnesses by providing them with the strength to fight their battles. The hand that you held out in the form of your donation will forever be remembered with sheer gratitude. It's because of the generosity of people like you that we can grant life-changing wishes. For this, we thank you and greatly appreciate your support.

With heartfelt thanks,

Julie Baron
President and CEO

Make-A-Wish Foundation® of New Hampshire

*Linda,
Thank you for
creating so much
magic. Julie*
